I am the property owner or authorized agent of the property owner. I certify that to the best of my knowledge, the information submitted in support of this permit application is true and correct. I certify that I will comply with all applicable City of Shoreline regulations pertaining to the work authorized by the issuance of a permit. I understand that issuance of this permit does not remove the owner's responsibility for compliance with state or federal laws regulating construction or environmental laws. I grant permission for City staff and agents to enter areas covered by this permit application for the sole purpose of inspecting these areas in order to process this application and to enforce code provisions related to the issued permit(s).

CRITICAL AREAS WORKSHEET

- Yes No Is there any standing or running water on the surface of the property or on any adjacent property at any time during the year?
- Yes No Does the site have steep slopes with little to no vegetation?
- Yes No Has any portion of the property or any adjacent property ever been identified as a wetland or swamp?
- Yes No Does the site contain high percentages of silt and/or very fine sand?
- Yes No Are any willows, skunk cabbage, alders, cottonwoods, or cattails present on your property or adjacent properties?
- Yes No Does the site contain ground water seepage or springs near the surface of the ground?
- Yes No Are there any indications on any portion of the property or on any adjacent property of rockslides, earthflows, mudflows, landslides, or other slope failure?

Please indicate which line best represents the steepest slope found on your property. 0%-5% 5%-10% 10%-15% 15%-20% 20%-25% 25%+

Please describe the site conditions for any "yes" answer:

Who prepared this information? _____

How to Determine the Slope of a Hillside

The slope is considered the vertical measure as it relates to the horizontal measure. For example if a slope has a rise of one foot over a four foot horizontal distance the slope would be 1:4 or a 25% slope.

(Check appropriate slope percentage box and mark correct box on diagram below.)
