VISION:

The City of Shoreline believes in the power of art in public places to draw people together, create vibrant neighborhoods where people desire to live, work and visit, and stimulate thought and discourse by enhancing visual interest in the built and natural environment. Art is part of the cultural thread that ties generations and civilizations together, creating opportunities for expression, reflection, participation and a landscape that is uniquely Shoreline. To this end our vision is that:

- art will integrate into all aspects of community life
- art will enhance public spaces, both municipally and privately owned
- public art will reflect the diversity of the community
- public art will meet high artistic standards
- public art will engender thought, conversation and enjoyment

1.0 PURPOSE:

To implement the purpose of the Municipal Art Fund to expand awareness and appreciation of art and cultural heritage, and enhance the enjoyment of public places throughout the City of Shoreline by providing a plan and procedure by which the City will acquire, accept and advocate for works of art as part of its permanent and temporary collection, and encourage, facilitate and support privately owned art in public places.

2.0 DEFINITIONS:

A “Public Art”: All forms of original creations of art in locations that are accessible to the public in City or privately-owned facilities, including parks. Public Art includes, but is not limited to:

Visual Art

- Dance, Theater, and Performance
- Painting, photography, drawing, collage, mixed media, encaustic, prints, and the myriad other forms of both two and three-dimensional artworks, mostly portable, but also in large scale format.

- Sculptural objects (includes a variety of scale, from large earthworks and landscape art, to monuments and statues, to water features, to smaller pieces displayed in vitrines; of any material and inclusive of kinetic, functional, interactive, and/or multimedia components; inclusive too of traditionally-regarded crafts such as wood carvings, glass and ceramics, textiles and fabric, and the like).
- Murals, Vinyl Wraps, Banners (murals can be applied to walls by a variety of means, inside or outside; wraps and banners refer to decorative embellishments of the built environment and urban furniture and can include painted fire hydrants, sidewalk chalk art, etc.).
- Art exhibitions (by definition, these public and accessible displays of both two and three-dimensional artworks – often comprised of a group of artists organized around a curatorial theme -- collectively form an important category of temporary public art, especially in Shoreline where there are as yet no commercial art galleries and no venues for the display of curated exhibitions).
- Community-based art (a wide variety of artistic practices that involve embedding in community groups, often with an explicit social message, with the visual art often serving a subsidiary function).
- Signage, calligraphy, text (does not include advertising or billboards as such, but conveys an easily observable artistic component that is not specifically designed to sell a product).
- Experimental geography, mapping, walking (relatively recent art forms that combine a multidisciplinary approach to visual art making that borrows from geography, mapping, GIS, orienteering, wayfinding, and navigating urban space).
- Conceptual, installation, time-based, emerging, new media (new forms of art are constantly developing as technology and culture foster experimentation. Augmented reality is a good example).

Non-Visual Art

- Sound art (examples might include ambient noise that an artist manipulates or curates for audiences to listen to; experiments with sonic waves, and other forms of auditory stimulus).
- Music
- Literature
- Community-based art (as above, though without the production of visual objects; thus, a song or narrative developed by an artist or artist group with direct engagement with a social group).

- Art exhibitions (see above, but with an emphasis on non-visual art forms, such as a sound-art group show).
- B. Significant Public Art: A piece of Public Art that is funded by the Municipal Art Fund and that is anticipated to cost \$20,000 or more.
- C. Acquisition: Procurement of works of Public Art for the City of Shoreline’s permanent and temporary collections. This includes commission through open competition, limited competition, invitation, donation, direct purchase or any other means.
- D. Art Selection Panel: A Panel of arts professionals, artists and community representatives appointed by the PRCS/Tree Board who participate in the selection process of artists and artwork for significant Public Art projects.
- E. Artist: A recognized professional who produces quality artwork on a regular basis.
- F. Emerging Artist: An artist may be “emerging,” if she or he does not yet have a significant body of work, or is not well established.
- G. Public Art Plan: A plan approved by the City Council outlining the direction for the City of Shoreline’s public art program including a work plan for the expenditures of the Municipal Art Fund.
- H. General Capital Fund: the City’s pooled source of funding generated by taxes.
- I. Project Architect: The person or firm (architect, landscape architect, interior designer, or other design professional) designing the project to which the 1% for Art provision applies.
- J. Municipal Art Fund: A special fund Created by Ordinance No. 312 for appropriations and donations of funds for Public Art.
- K. De-accessioning: A procedure for removing and disposing of artwork from the City’s permanent collection.

B. ART SELECTION PANEL AND ART SELECTION

- (1) All Art Selection Panels shall have flexible membership, as determined by the PRCS/Tree Board, based on the size, location and complexity of the project.
- (2) The Art Selection Panel for Significant Public Art will be minimally composed of a member of the PRCS Board, a member of the community, an artist, an art professional, project architect (if appropriate), representative of the Shoreline Lake Forest Park Arts Council and City staff member. The Public Art Coordinator will act as Selection Panel chair. Panelists may be solicited outside of the community if special expertise is needed. A member of the Project Design Team may be on the jury when appropriate,

to comment on architectural elements and technical feasibility of art in public buildings. At its discretion, the City Council may choose to appoint one of its members to the panel.

- (7) In an integrated design process, where the artists are expected to work with the architects, the Panel will reconvene to review the site-specific designs proposed by the artists. At this time the Panel will have an opportunity to provide guidance to the artists, taking specific designs and budget into consideration. A short list of site specific designs will be established by the Panel.
- (8) In cases where more than one artist has been asked for specific design proposals, the Panel will reconvene at a meeting where the semi-finalists will present their final proposals in the form of models and/or "in situ" sketches. There will be an opportunity for comment after which the Panel will deliberate on the presentations, deciding on a finalist for recommendation to the PRCS Board. The Panel shall try to reach consensus. If consensus cannot be reached, a vote shall be taken with majority rule. The Art Selection Panel has the right to make no selection if, in its opinion, there is insufficient merit in the submissions.
