

## Pedestrian and Bicycle Improvements are coming to your street!

In 2013 City of Shoreline employees secured grant funding to construct two east-west connections between the Interurban and Burke Gilman Trails. City staff worked with Lake Forest Park to layout a northern route and a southern route (see attached map).

### What is happening on NE 150<sup>th</sup> St?

The southern route is on NE 150<sup>th</sup> St from 15<sup>th</sup> Ave NE to 27<sup>th</sup> Ave NE. The project will:

1. Install on-street **bike lanes** from 15<sup>th</sup> Ave NE to 25<sup>th</sup> Ave NE
2. Install **bike wayfinding signage** from 15<sup>th</sup> Ave NE to 27<sup>th</sup> Ave NE
3. Complete a **pedestrian connection** on the north side of NE 150<sup>th</sup> St in front of the dog park
  - a. New asphalt path will be separated from the bike lane by a ditch
4. Remove drainage curb from the southern shoulder of NE 150<sup>th</sup> St between 17<sup>th</sup> Ave NE and 20<sup>th</sup> Ave NE, and install an **asphalt berm** at the edge of pavement to protect roadway runoff from entering private property
  - a. Asphalt berm in front of driveways has been modified to accommodate vehicles

### What will construction look like?

Construction impacts include, but are not limited to:

- Disturbances to landscaping and paving within the right-of-way
- Mailbox impacts (not to affect delivery of mail)
- Temporary loss of two-way traffic (all work to be completed between the hours of 9am-3pm)

### Construction is currently scheduled to begin this May
