9. I will not be able to attend the planning commission meeting re: Shoreline Place Development. My message to you is please stick to the original vision that was presented to Shoreline citizens-- public open space, buffer zones, relatable retail. We were sent surveys with questions that made it seem like it would have the potential to be a very thoughtful, inclusive development. My impression is that Merlone Geier is proposing more apartments, less retail & less open space than was originally presented to the public. Any impairment to Central Market's ability to function is not acceptable. I can assure you that my Shoreline family, friends & neighbors will NOT be happy to see this version of development.

Thank you,
City of Shoreline
