

Analytics

Extend your understanding of local crime with the analytics view. With these printable, interactive charts and graphs you can track total crime over time and by percentage. Select a jurisdiction here, to get started.

Alerts

Click "Get Crime Alerts" to get started.

Stay informed about crime in your neighborhood with CrimeReports' free email crime alerts. You can receive email alerts for a number of different addresses and choose the types of crimes you are most concerned about. You even control when you receive alerts: daily, monthly, or weekly.

The screenshot shows the 'Create An Email Alert' form, which is divided into three sequential steps:

- STEP 1: Name Your Alert Location:** A simple text input field for the alert location name.
- STEP 2: Enter Full Address Used For Alert:** Fields for Street Address, City, State/Province (a dropdown menu), and Zip/Postal Code. A checkbox option is provided to 'Use this my Default Map location upon login'. A 'Verify Alert Address' button is located below the address fields. A map of the area is displayed on the right side of this step.
- STEP 3: Choose Your Alert Preferences:** A section for selecting incident types. It includes a 'Check the Incident Types you prefer for this alert:' section with checkboxes for Assault, Burglary, Homeless, Other, Proactive Policing, Quality of Life, Robbery, Sexual Offense, Theft, Traffic, Vehicle Burglary, Vehicle Recovery, and Vehicle Theft. There are also checkboxes for 'TRAFFIC' and 'VEHICLE RECOVERY'. Below this is a 'Select All | Deselect All' link and a 'Select the preferred Alert Frequency:' section with radio buttons for 'Daily', 'Weekly', and 'Monthly'. At the bottom, there is a 'Narrow by' section with a radio button for 'Area' and a distance selector set to '1/2 Mile'.
