Section 4. Right-of-Way Management

4.1. Excavation.

4.1.1. City with plans, maps, and information showing the proposed and final location of
any facilities in accordance with Section 15 of this Ordinance.

4.6. **Blanket Permit.** The terms "Minor Activities" and "Blanket Activities" is defined in a specifically negotiated "Blanket Permit for Activity Within The Public Right-of-Way," a copy of which has been filed with the City Clerk and identified by Clerk's Receiving Number 1946. 4.6.2 The Permittee shall provide a monthly list of Blanket Permit construction activity by the 10th of the following month listing the previous month's activity authorized under this Section.

4.6.3 For each separate use of the right-of-way under this Section, and prior to commencing any work on the right-of-way under this Section, the Permittee shall:

(1) At least twenty-four (24) hours in advance of entering the right-of-way, fax or otherwise deliver to the Permitting Authority a City Inspection Request Form, as provided by the Permitting Authority. 4.6.6 In the event the Permittee fails to comply with any of the conditions set forth in this Section, the City may provide written notice of termination to operate under this Section to Permittee, stating with specificity, the basis for the termination of the Permittee's authority.

4.7. **Safety.**
4.7.1. Ronald, in accordance with applicable federal, state, and local safety rules and regulations shall, at all times, employ ordinary care in the installation, maintenance, and repair of its facilities utilizing methods and devices commonly accepted in the sanitary sewer industry to prevent failures and accidents that are likely to cause damage, injury, or nuisance to persons or property.

4.7.2. Ronald will make all reasonable effort to construct and maintain its facilities in the right-of-way in a safe and operational condition.

4.8. Dangerous Conditions, Authority for City to Abate.

4.8.1. Whenever Facilities or the operations of Ronald cause or contribute to a condition that appears to endanger any person or substantially impair the lateral support of the adjoining right-of-way, public or private property, the City may direct Ronald, at no charge or expense to the City, to take actions to resolve the condition or remove the endangerment. Such directive may include compliance within a prescribed time period.

4.8.2. In the event Ronald fails or refuses to promptly take the action, or if emergency conditions exist which require immediate action to prevent imminent injury or damage to persons or property, the City may take such action as it believes necessary and Ronald shall reimburse the City for its actual costs incurred.

Section 5. Relocation of System Facilities.

5.1. Whenever the City causes the grading or widening of the Right-of-way or undertakes construction of any water or storm drainage line, lighting, signalization, sidewalk improvement, pedestrian amenities, or other public street improvement (for purposes other than those described in Section 5.3 below) and such project requires the relocation of Ronald's then existing Facilities lying within that portion of the Right-of-way, or an area affected by such city projects, the City shall:

(1) Provide Ronald, at least one hundred twenty (120) days prior to the commencement of such project written notice that a project is expected which will or may require relocation of a portion of Ronald's facilities; and

Ronald Wastewater Franchise -6
5.2. After receipt of such notice and the plans and specifications, Ronald shall relocate such Facilities within the Right-of-way as to accommodate such street and utility improvement project ten (10) days prior to commencement of the project unless there is agreement to a different schedule for coordinating completion of relocation of Facilities, provided, however, Ronald may, after receipt of written notice requesting a relocation of its Facilities, submit to the City written alternatives to such relocations of its Facilities and the time schedule. The City shall within a reasonable time evaluate such alternatives and advise Ronald in writing whether one or more of the alternatives is suitable to accommodate work that would otherwise necessitate relocation of the Facilities. If so requested by the City, Ronald shall submit such additional information as is reasonably necessary to assist the City in making such evaluation. The City shall give each alternative full and fair consideration. In the event the City ultimately reasonably determines that there is no other reasonable or feasible alternative, then Ronald shall relocate its Facilities as otherwise provided in this Section 5. The City shall cooperate with Ronald to designate a substitute location for its Facilities within the Right-of-way. The cost of relocating such Facilities existing within the present limits of the City shall be paid as follows:

(1) if the relocation occurs within five (5) years after Ronald initially constructed such Facility, then the relocation shall be at the City’s sole cost;

(2) if the relocation occurs more than five (5) years after Ronald initially constructed such Facility, then the relocation shall be at Ronald’s sole cost.

5.3. Obligations under this section 5 shall not apply whenever any person or entity, other than the City, requires the relocation of Ronald Facilities to accommodate the work of such person or entity within the Right-of-way, or whenever the relocation of Ronald’s Facilities within the Right-of-way is necessary to satisfy any requirement or condition of a City permit or approval issued on a land use action (including, without limitation, any condition or requirement imposed pursuant to any contract or in conjunction with approvals or permits for zoning, land use, construction or development) for the benefit of any person or entity other than the City. However, in the event the City reasonably determines (and promptly notifies Ronald in writing of such determination) that the primary purpose of imposing such condition or requirement upon such person or entity which necessitates such relocation is to cause the construction of an improvement on the City's behalf and in a manner consistent with City approved improvement plans (as described in subsection 5.1 above) within a segment of the Right-of-way then Ronald shall require only those costs and expenses incurred by Ronald in integrating and connecting such relocated Facilities with Ronald's other Facilities.
to be paid to Ronald by such person or entity, and Ronald shall otherwise relocate its Facilities within such segment of the Right-of-way in accordance with the provisions of subsection 5.1 above.

The provisions of this Section 5.3 shall in no manner preclude or restrict Ronald from making any arrangements it may deem appropriate when responding to a request for relocation of its Facilities by any person or entity other than the City, where the facilities to be constructed by such person or entity are not or will not become City owned, operated or maintained facilities, provided that such arrangements do not unduly delay a City construction project.

5.4 Any cost or expense in connection with the location or relocation of any Facilities existing under benefit of easement or other rights not arising under this Franchise, shall be borne fifty percent (50%) by the City, and fifty percent (50%) by Ronald.

Section 6. Compliance with Codes and Regulations.

6.1. The rights, privileges and authority herein granted are subject to and governed by this ordinance and all other applicable ordinances and codes of the City of Shoreline, as they now exist or may hereafter be amended. Nothing in this ordinance limits the City's lawful power to exercise its police power to protect the safety and welfare of the general public. Any location, relocation, erection or excavation by Ronald shall be performed by Ronald in accordance with applicable federal, state and city rules and regulations, including the City Public Works Policies and Pre-approved Plans, and any required permits, licenses or fees, and applicable safety standards then in effect or any Memorandum of Understanding with Ronald.

6.2. Upon written inquiry, Ronald shall provide a specific reference to either the federal, state or local law or the Washington Utilities and Transportation Commission (WUTC) order or action establishing a basis for Ronald's actions related to a specific franchise issue.

6.3 In the event that any territory served by Ronald is annexed to the City after the effective date of this Franchise, such territory shall be governed by the terms and conditions contained herein upon the effective date of such annexation.

Section 7. System Development Information

7.1. Ronald will assign a representative whose responsibility shall be to coordinate with the City on planning for CIP projects including those that involve undergrounding. At a minimum, such coordination shall include the following:
(1) Ronald shall meet with the City, other franchisees and users of the right-of-way, according to a schedule to be determined by the City, to schedule and coordinate construction; and

(2) All construction locations, activities, and schedules shall be coordinated, as required by the City Manager or his designee, to minimize public inconvenience, disruption, or damages.

(3) For the purpose of planning, Ronald and the City shall provide each other with a copy of their respective current adopted Capital Improvement Plan annually and upon request by the other party.

Section 8. Planning Coordination. The parties agree, as follows, to participate in the development of, and reasonable updates, to each other's planning documents.

8.3. Ronald shall submit information related to the general location, proposed location, and approximate capacity of all existing and proposed Facilities within the City as requested by the Director within a reasonable time, not exceeding sixty (60) days from receipt of a written request for such information.

8.4 Ronald will update information provided to the City whenever there are major changes in Ronald's system plans for the City.

8.5. Ronald will provide information relevant to its operation within the City within a reasonable period of time after a written request to assist the City in it's need to develop and update it's Comprehensive Plan - Utilities Element, provided that such information is in Ronald's possession or can be reasonably developed from information in Ronald's possession.

8.6. The City will provide information relevant to Ronald's operations within a reasonable period of time following a written request to assist Ronald in the development or update of its Comprehensive Sewage System Plan, provided that such information is in the City's possession, or can be reasonably developed from the information in the City's possession.

This covenant of indemnification shall include, but not be limited by this reference, claims against the City arising as a result of the acts or omissions of District, its agents, servants, officers or employees except for claims for injuries and damages caused by the sole negligence of the City. If final judgment is rendered against the City, its elected officials, employees, agents, and volunteers, or any of them, District shall satisfy the same. The City may appear in any proceeding it deems necessary to protect the City’s or the public’s interests.

9.2 The City hereby releases, covenants not to bring suit, and agrees to indemnify, defend and hold harmless the District, its elected officials, employees, agents, and volunteers from any and all claims, costs, judgments, awards, attorney’s fees, or liability to any person, including claims by City’s own employees to which City might otherwise be immune under Title 51 RCW, arising from personal injury or damage to property allegedly due to the negligent or intentional acts or omissions of City, its agents, servants, officers or employees in performing construction, maintenance or other city activities within the Rights-of-way. 9.4. Inspection or acceptance by one party of any work performed by the other at the
time of completion of construction shall not be grounds for avoidance of any of
these covenants of indemnification. Said indemnification obligations shall extend
to claims that are not reduced to a suit and any claims that may be settled prior to
the culmination of any litigation or the institution of any litigation.

9.5. In the event either refuses to undertake the defense of any suit or any claim, after a

reasonable attorney's fees or recovering under this indemnification clause as well
as any judgement against the party.

9.6. Should a court of competent jurisdiction determine that this Franchise is subject to
RCW 4.24.115, then, in event of liability for damages arising out of bodily injury
to persons or damages to property caused by or resulting from the concurrent

Section 11. Default / Enforcement.

11.1. The City reserves the right to revoke and terminate this Franchise and all rights and privileges of Ronald in the event of a substantial violation or material breach of its terms and conditions.

11.2. A substantial violation or material breach by Ronald shall include, but shall not be limited to, the following:

Ronald, or the City, shall bear the burden of proof in establishing the existence of such conditions.

11.4. 11.6 Any violation continuing for a period greater than 60 days may be remedied by the City at Ronald's expense, unless Ronald is diligently and in good faith proceeding with corrective action and its failure to complete corrective action is caused by unavoidable delays or events beyond its control.

Section 12. Franchise Term. The term of the Franchise granted hereunder shall remain in full force for fifteen (15) years from the effective date.

Section 13. Non-Exclusive Franchise. This Franchise is not and shall not be deemed to be an exclusive Franchise. This Franchise shall not prohibit or prevent the City from using the Right-of-way or affect the jurisdiction of the City over the same or any part thereof.

Section 14. Franchise Fee.

If available as a standard format maintained by the District, maps shall be provided in Geographical Information System (GIS) or other digital electronic format used by the City and, upon request, in hard copy plan form used by District. This information shall be provided between one hundred twenty (120) and one hundred eighty (180) days of the effective date of this Ordinance and shall be updated upon reasonable request by the City.

If any Section, sentence, clause or phrase of this Ordinance should be held to be invalid or unconstitutional by a court of competent jurisdiction, such invalidity or unconstitutionality shall not affect the validity or constitutionality of any other Section, sentence, clause or phrase of this Franchise Ordinance. The Parties may amend, repeal, add, replace, or modify any provision of this Franchise to preserve the intent of the parties as expressed herein prior to any finding of invalidity or unconstitutionality.

Section 18. Assignment.
