      proposal. Applicable permits shall be obtained prior to construction.
      Permit applications shall show compliance with the 1998 King County
      Storm Water Design Manual and Title 20 of the Shoreline Municipal Code
      (SMC). Applicable sections of the SMC include but shall not be limited to
      the following: Dimensional and Density Standards 20.50.010, Tree
      Conservation 20.50.290, Surface and Stormwater Management
      20.60.060, and Streets and Access 20.60.140.
II. Conclusions

1. The rezone is consistent with the Comprehensive Plan.
   The redesignation from R-12 and O to R-24 is consistent with the comprehensive plan designation of "Mixed Use."

2. The rezone will not adversely affect the public health, safety or general welfare.
   The future development of these sites shall show compliance with Title 20 of the Shoreline Municipal Code. Applicable sections of this code include, but are not limited to: Dimensional and Density Standards (20.50.010-20.50.050), Tree Conservation (20.50.290-20.50.370), Parking Access and Circulation (20.50.380-20.50.440), Wastewater, Water Supply and Fire Protection (20.60.030-20.60.050), Surface and Stormwater Management (20.60.060-20.60.130).

3. The rezone is warranted in order to achieve consistency with the Comprehensive Plan.
   Not applicable, both the existing and proposed zoning are consistent with the Comprehensive Plan.

4. The rezone will not be materially detrimental to uses or property in the immediate vicinity of the subject rezone.
   It has been shown that the rezone and future development of the subject sites will not be detrimental to uses in the immediate vicinity. Adequate infrastructure (water, sewer, storm, etc.) exists in the area to support development at R-24 zoning.

5. The rezone has merit and value for the community.
   The rezone will allow the district to consolidate its equipment and resources to provide better customer service and potential long term cost savings to the District and its customers here in the City. Further, this site is an appropriate place to accommodate development of R-24 intensity because it is free of environmentally sensitive features and it has good access to infrastructure.

III. Recommendation

Based on the Findings, the Planning Commission recommends approval of application number 201345; a rezone to R-24 (Residential; 24 units/acre) for parcel numbers 0726049102, 0726049056, 0726049168 and 0726049166 (generally located at 17505 Linden Ave N).
