

ORDINANCE NO. 408

AN ORDINANCE OF THE CITY OF SHORELINE, WASHINGTON, REPEALING COTTAGE HOUSING BONUS DENSITIES; AND REPEALING SHORELINE MUNICIPAL CODE 20.40.120, 20.40.300 AND AMENDING SHORELINE MUNICIPAL CODE 20.20.014

WHEREAS, Shoreline development regulations increased the minimum lot size for low density districts from the interim zoning code (Title 21A of the King County Code, adopted on June 26, 1995 by City Ordinance No. 11), while adopting a cottage housing bonus density that was permitted in R8-12 and R18-48 zones, and could be approved as a conditional use permit in R4 -6 zones, as part of the City's strategy to reach GMA population targets; and

WHEREAS, City Council passed Ordinance No. 362 on August 23, 2004 which adopted findings that 1) existing land development standards intended to require the integration of new cottage housing residential development with existing neighborhoods may not be adequate, particularly in many existing low density neighborhoods; 2) the continued acceptance of development applications proposing the creation of residential development utilizing existing cottage housing development standards and density may allow development that is incompatible with existing neighborhoods, leading to erosion of community character and harmony, and a decline in property values; and 3) the integrity of existing land uses, the Comprehensive Plan, and the State Growth Management Act planning process may suffer irreparable harm unless a moratorium preventing the creation of cottage housing development was adopted; and

WHEREAS, the six month moratorium adopted by Ordinance No. 362 was extended by Ordinance No. 371 and Ordinance No. 397 until February 19, 2006;

WHEREAS, the Council finds that although the Planning Commission's recommendation for permanent amendments to cottage housing regulations would reduce some negative impacts of cottage housing cited above in support of the moratorium, it is unlikely that these additional restrictions, or a design review process, will reliably create the high quality development necessary to compliment Shoreline's lowest density residential neighborhoods;

WHEREAS, the Council further finds that this ordinance is consistent with the Comprehensive Plan, specifically recent amendments repealing LU 27 and adopting LU 9 that provides that dwelling types other than single family detached dwellings may be allowed under certain circumstances in the Low Density Residential land use designation; existing regulations and proposed amendments do not create sufficient safeguards to allow higher density cottage housing in this designation; now therefore
