ORIGINAL

- 6.1.1 Whenever District excavates in any right-of-way for the purpose of installation, construction, repair, maintenance or relocation of its facilities, it shall apply to the City for a permit to do so in accord with the ordinances and regulations of the City requiring permits to operate in the right-of-way. In no case shall any such work commence within any right-of-way without a permit, except as otherwise provided in this Ordinance.
- 6.2 Abandonment of District's Facilities. Any abandoned District facility above the surface shall be removed by the District within a reasonable time. All necessary permits must be obtained prior to such work.
- 6.3 Restoration after Construction.
- 6.3.1 District shall, after any installation, construction, relocation, maintenance, or repair of Facilities within the Franchise area, restore the right-of-way to at least the condition the same was in immediately prior to any such abandonment, installation, construction, relocation, maintenance or repair. Restoration shall not require an improvement to a condition that substantially exceeds the condition prior to the Districts activities. All concrete encased monuments, which have been disturbed or displaced by such work, shall be restored pursuant to all federal, state and local standards and specifications. District agrees to promptly complete all restoration work and to promptly repair any damage caused by such work at its sole cost and expense.
- 6.3.2 If it is determined that District has failed to restore the right-of-way in accordance with this Section, the City shall provide District with written notice including a description of actions the City believes necessary to restore the right-of-way.
- 6.4 Bonding Requirement. District, as a public agency, is not required to comply with the City's standard bonding requirement for working in the City's right-of-way.
- 6.5 Emergency Work, Permit Waiver. In the event of any emergency where any District facilities located in the right-of-way are broken or damaged, or if District's construction area for their facilities is in such a condition as to place the health or safety of any person or property in imminent danger, District shall immediately take any necessary emergency measures to repair, replace or remove its facilities without first applying for and obtaining a permit as required by this Franchise. However, this emergency provision shall not relieve District from later obtaining any necessary permits for the emergency work. District shall apply for the permits that would have been required and obtained prior to the emergency as soon as practical given the nature and duration of the emergency.
- 6.6 Permit requirements and types of activities. The District shall be authorized to perform "Minor Activities" without a City permit of any kind and "Blanket

ORIGINAL

Activities” under the terms and conditions of this Section. All other activities will require a separate permit in accordance with City ordinances.

- 6.6.1 “Blanket Activities” shall be defined as those activities that cause some disruption to the right-of-way and possibly to traffic patterns but not to the degree where significant city involvement is required during the plan review and inspection processes. Examples include:
 - 6.6.1.1 Replace, install, maintain services, valves and water mains and appurtenances in pavement, sidewalk or gravel shoulder.

Typical examples include the inspection, operation and maintenance of services, pump stations, air-vacs, valves, hydrants and service meters.
- 6.6.3 For Blanket Activities, the District shall pay the City a permit inspection/processing fee in the amount equal to the hourly rate at the time of the permit and for a time of 2 hours. The permit fees for District activities shall not exceed permit fees charged for similar activities to any other franchise holder.
- 6.6.4 The District shall provide a quarterly list of permit construction activity concurrently with Franchise Fee payments listing the previous three month's activity authorized under this Section.
- 6.6.5 The District shall provide payment of inspection fees for quarterly activity. No statement will be provided by the City.
- 6.6.6 For each separate use of the right-of-way under this Section except Minor Activities or Emergencies, and prior to commencing any work on the right-of-way under this Section, the District shall fax or otherwise deliver to the Permitting Authority, at least twenty-four (24) hours in advance of entering the right-of-way, a City Inspection Request Form, as provided by the Permitting Authority, which shall include at a minimum a work time, date the work begins, date the work is estimated to be complete, location,

traffic control plan (if applicable) and a description of work to be performed.

6.7 Dangerous Conditions, Authority for City to Abate. Whenever Facilities or the operations of the District cause or contribute to a condition that appears to endanger any person or substantially impair the use or lateral support of the adjoining right-of-way, public or private property, the Director may immediately inform the District of the condition. The District will immediately evaluate the condition and if the District determines that a condition exists that causes endangerment to the public or impairment of the right-of-way the District will immediately mitigate the condition at no cost to the City. The resolution of the dangerous condition requires approval of the District Manager and the Director before the work begins.

6.8 Relocation of System Facilities.

6.8.1 In accord with the following schedule, the District agrees and covenants to protect, support, temporarily disconnect, relocate or remove from any right-of-way its facilities when so required by the City to accommodate the completion of or as a result of a public project. As used in this Section, the term "public project" is a project included in the City adopted six-year Capital Improvement Program and as amended annually by the City Council.

<u>Age of Dist. Facility</u>	<u>% of relocation by City</u>	<u>% of relocation by District</u>
5 years or less	100%	0%
5 – 10 years	50%	50%
10 + years	0%	100%

6.8.2 This relocation requirement shall not apply to those larger facilities that cannot reasonably be supported, disconnected, relocated or removed as set forth on Attachment A to this franchise, to be approved by both parties within 60 days of the District's adoption of this agreement. This attachment may be amended from time to time by the parties. If these facilities are required to be moved in order to accommodate the completion of or as a result of a public project, the City shall pay 50% of the relocation cost.

6.8.3 All Facilities utilized for providing water service within District's service area and within the right-of-way shall be considered owned, operated and maintained by District.

6.8.4 If the City determines that a public project necessitates the relocation or removal of District's existing facilities, the City shall:

6.8.4.1 As soon as possible, but not less than one hundred eighty (180) days prior to the commencement of such project, City shall provide

ORIGINAL

District with written notice requiring such relocation or removal;
and

- 6.8.4.2 Provide District with copies of any plans and specifications pertinent to the requested relocation or removal and a proposed temporary or permanent relocation for District's facilities.
- 6.8.4.3 After receipt of such notice and such plans and specifications, District shall make all reasonable efforts to complete relocation of its facilities according to the above cost sharing described in Section 6.8.2.
- 6.8.5 District may, after receipt of written notice requesting relocation or removal of its facilities, submit to the City written alternatives to such relocation. The City shall evaluate such alternatives and advise District in writing if any of the alternatives are suitable to accommodate the work that necessitates the relocation of the facilities. If so requested by either party, District or City shall submit additional information to assist the other party in making such evaluation. The City shall give each alternative proposed by District full and fair consideration and if appropriate, state why the District's proposed alternatives are not satisfactory. In the event the City and District ultimately do not agree on a reasonable alternative, District and City shall attempt to resolve the relocation through Section 13 – Alternate Dispute Resolution.
- 6.8.6 If the City determines that the District's facilities must be protected, supported, temporarily or permanently disconnected, relocated or removed from the right-of-way, City shall reimburse District all costs as submitted and verified by District within 45 days of completion of the relocation or removal by the District in accord with paragraph 6.8.1 herein.
- 6.8.7 The provisions of this Section 6.8 shall in no manner preclude or restrict District from making any arrangements it may deem appropriate when responding to a request for relocation of its Facilities by any person or entity other than the City.

7.1.3 District shall submit information related to the general location, proposed location, and capacity of all existing and proposed Facilities within the City as requested by the Director within a reasonable time, not exceeding sixty (60) days from receipt of a written request for such information, provided that such information is in the District's possession, or can be reasonably developed from the information in the District's possession.

7.1.4 District will update information provided to the City under this Section whenever there are major changes in District's system plans for Shoreline.

7.1.5 The City will provide information relevant to the District's operations within a reasonable period of written request to assist the District in the development or update of its Comprehensive Water System Plan. Provided that such information is in the City's possession, or can be reasonably developed from the information in the City's possession.

7.2 System Development Information. District and City will each assign a representative whose responsibility shall be to coordinate planning for CIP projects including those that involve undergrounding. At a minimum, such coordination shall include the following:

This covenant of indemnification shall include, but not be limited by this reference, claims against the City arising as a result of the acts or omissions of District, its agents, servants, officers or employees except for claims for injuries and damages caused in whole or in part by the sole negligence of the City. If final judgment is rendered against the City, its elected officials, employees, agents, and volunteers, or any of them, District shall satisfy the same. The City may appear in any proceeding it deems necessary to protect the City's or the public's interests.
- 8.2 Inspection or acceptance by the City of any work performed by District at the time of completion of construction shall not be grounds for avoidance of any of these covenants of indemnification. Said indemnification obligations shall extend to claims that are not reduced to a suit and any claims that may be settled prior to the culmination of any litigation or the institution of any litigation.
- 8.3 Should a court of competent jurisdiction determine that this Franchise is subject to RCW 4.24.115, then, in the event of liability for damages arising out of bodily injury to persons or damages to property caused by or resulting from the concurrent negligence of District and the City, its officers, employees and agents, District's liability hereunder shall be only to the extent of District's negligence. It is further specifically and expressly understood that the indemnification provided herein constitutes the District's waiver of immunity under Industrial Insurance, Title 51 RCW, solely for the purposes of this indemnification. This waiver has been mutually negotiated by the parties. The provisions of this section shall survive the expiration or termination of this Franchise.
- 8.4 The City hereby releases and agrees to indemnify, defend and hold harmless the District, its elected officials, employees, agents, and volunteers from any and all claims, costs, judgments, awards or liability to any person arising from District's compliance with this Agreement.
