Maximum monthly housing costs are 30% of the maximum household income, and include basic utilities, and any costs required by the property owner (e.g., renter's insurance).

Income and housing cost limits are adjusted from the 4-person basis according to the table below.

Maximum contract rents are calculated by deducting charges borne by the tenant: basic utilities or utility allowance and monthly costs required for tenancy (e.g., renters insurance). Instead of deducting actual expenses, the owner may deduct allowances according to the table below.
